Installation Guide

MDBG Chinese Reader

For Windows PCs

Hello

Welcome to MDBG Chinese Reader.

LiveScan window

Welcome to MDBG Chinese Reader, the first tool that helps you understand and learn Chinese while you use it. **Point** your mouse at Chinese text and the *LiveScan* window shows the meaning in English, enlarged Chinese (simplified and traditional) and phonetics (Pinyin and Bopomofo).

Main window with Lookup
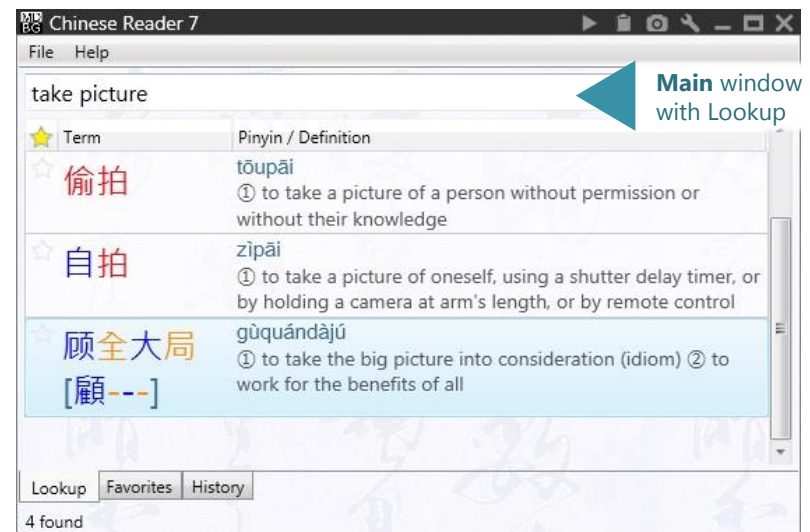

From the Main window, **Lookup** any word in MDBG CC-CEDICT, the world's most popular Chinese-English dictionary. Using English or Chinese words, Chinese Reader displays all the matching entries from its 105,000+ entry dictionary.
Download the latest MDBG Chinese Reader software from http://mdbg.loqu8.com/**download.htm**

Uninstall

If MDBG Chinese Reader isn't right for you, it's easy to remove it.

It's easy to uninstall MDBG Chinese Reader 7:

1. From the Windows Control Panel, choose **MDBG Chinese Reader 7**
2. Click **Uninstall**
3. From the Installation Wizard, choose **Uninstall** and click OK

Thanks for trying MDBG Chinese Reader.

Tip   After installation, you may change (add or remove accessories). From the Installation Wizard, choose **Modify Available Options**

Tip   If MDBG Chinese Reader doesn't seem to smoothly like it did when you first installed it, the application may have become damaged. From the Installation Wizard, choose **Repair Application**

Choose

MDBG Chinese Reader has an edition for everybody and every budget.

MDBG has an edition that's just right for you. Choose the free edition or begin a monthly subscription starting at $5 USD.

Not sure which one is right for you? Our **Standard Edition** is popular for many students and casual learners. With high-quality Mandarin voice and AutoPronounce, it has all the key features at an affordable price.

Advanced students and business professionals (including professional translators) choose the **Professional Edition** for its complete range of features (more voices, history tracking) and its powerful customization. Create your own dictionary or import dictionaries like Rutgers basic Chinese, Cantonese-English, Chinese-German or Chinese-French.
